Resolved that Government be informed that there is no separate agency for carrying out and supervising works in municipalities and that one Supervisor will be sufficient for attending to both Municipal and Local Fund works in each taluk.

III. Read Senior Surgeon's docket No. 1507, dated the 2nd December 1896, forwarding for disposal a petition from the waterman of Gudibanda dispensary praying for an increase of pay.

V. Read the proposal of the Dasara Representative members of the Bowringpet, Goribidnur and Bagepalli taluks for the execution of the undermentioned works, *viz.* :—

1. Construction of the tunnel and a road-dam, the former near Budikota where the road is crossed by the Markandeya River and the latter near Bowringpet where it is intersected by a stream.
2. Branch roads to connect the railway stations at Thondebhavi and Goribidnur.
3. A bridge across the Chitravati at Bagepalli.

Resolved that the works referred to in the 1st para are costly and not urgently required; that a reference be made to the Executive Engineer as regards para 2 especially as to a road connecting Manchenahalli with Thondebhavi, and that as regards para 3 a bridge across Chitravati would probably cost about Rs. 40,000 or Rs. 50,000 and that it would be sufficient if a cause-way could be made at a cost of about Rs. 2,000 or Rs. 3,000 and that the opinion of the Executive Engineer should be invited in the matter.

VI. Read the Executive Engineer's letter bringing to notice that the actual costs of repairing damages to the Kilkota tank at Kolar amounted to Rs. 343, the estimate sanctioned for the purpose being Rs. 300, chargeable in equal proportions to the Municipal and District Funds, and proposing that a moiety of the excess of Rs. 43 may be met from the provision made under "C.
